ADAM KIMMINS

Junior Developer

PROFESSIONAL SUMMARY

My current objective is to continue growing my skills and gain work experience, and my career objective is to become a Senior Developer or Senior Designer. I have experience working on Microsoft Teams and GitHub as a scrum team, under the role of developer and product owner for my college. I've compiled programs from data sorting to Tic-tac-toe with C++, frontend design with HTML/CSS/JS, and have a basic understanding of SQL and C#. From my own learning outside of college I know Python, Github, docker and on the creative side I've broken into design apps like Adobe Photoshop, Premiere Pro, Blender, UE4/UE5, Paint.net, Gimp, ChaNNier, and android studio.

EMPLOYMENT HISTORY

APR 2024 - PRESENT

Cook, Giant Eagle, Lancaster, OH
- Cooking Chicken, Ribs, Pork, and Shrimp
- Preparing entrees, working with costumers

AUG 2023 - Present

College Work
- Working in a team to create different programs, as a developer I've worked on a C++ program to sort students in the University by year, major and name, and a program to rename students within a database. As a product owner I've structured sprints for my team based on design requests and feedback I've discussed with a client.
- Creating the programs within a team on a set schedule, following an agile workflow held in sprints. Scrum teams consisted of a product owner, three developers, Scrum Master and a tester. Sprints were/are typically 1 week, from 2-3 weeks per project.

EDUCATION

2025 - PRESENT

Computer Science, Southern New Hampshire University, NH
Currently in my sophomore year of college with classes above 3.0 GPA at SNHU, on course to graduate with a BS by 2027.

2025 - PRESENT

Computer Technology and Science, Ohio University, OH
My first year of college was at OU off the Lancaster location. I transferred after my sophomore fall semester.
